

Programming

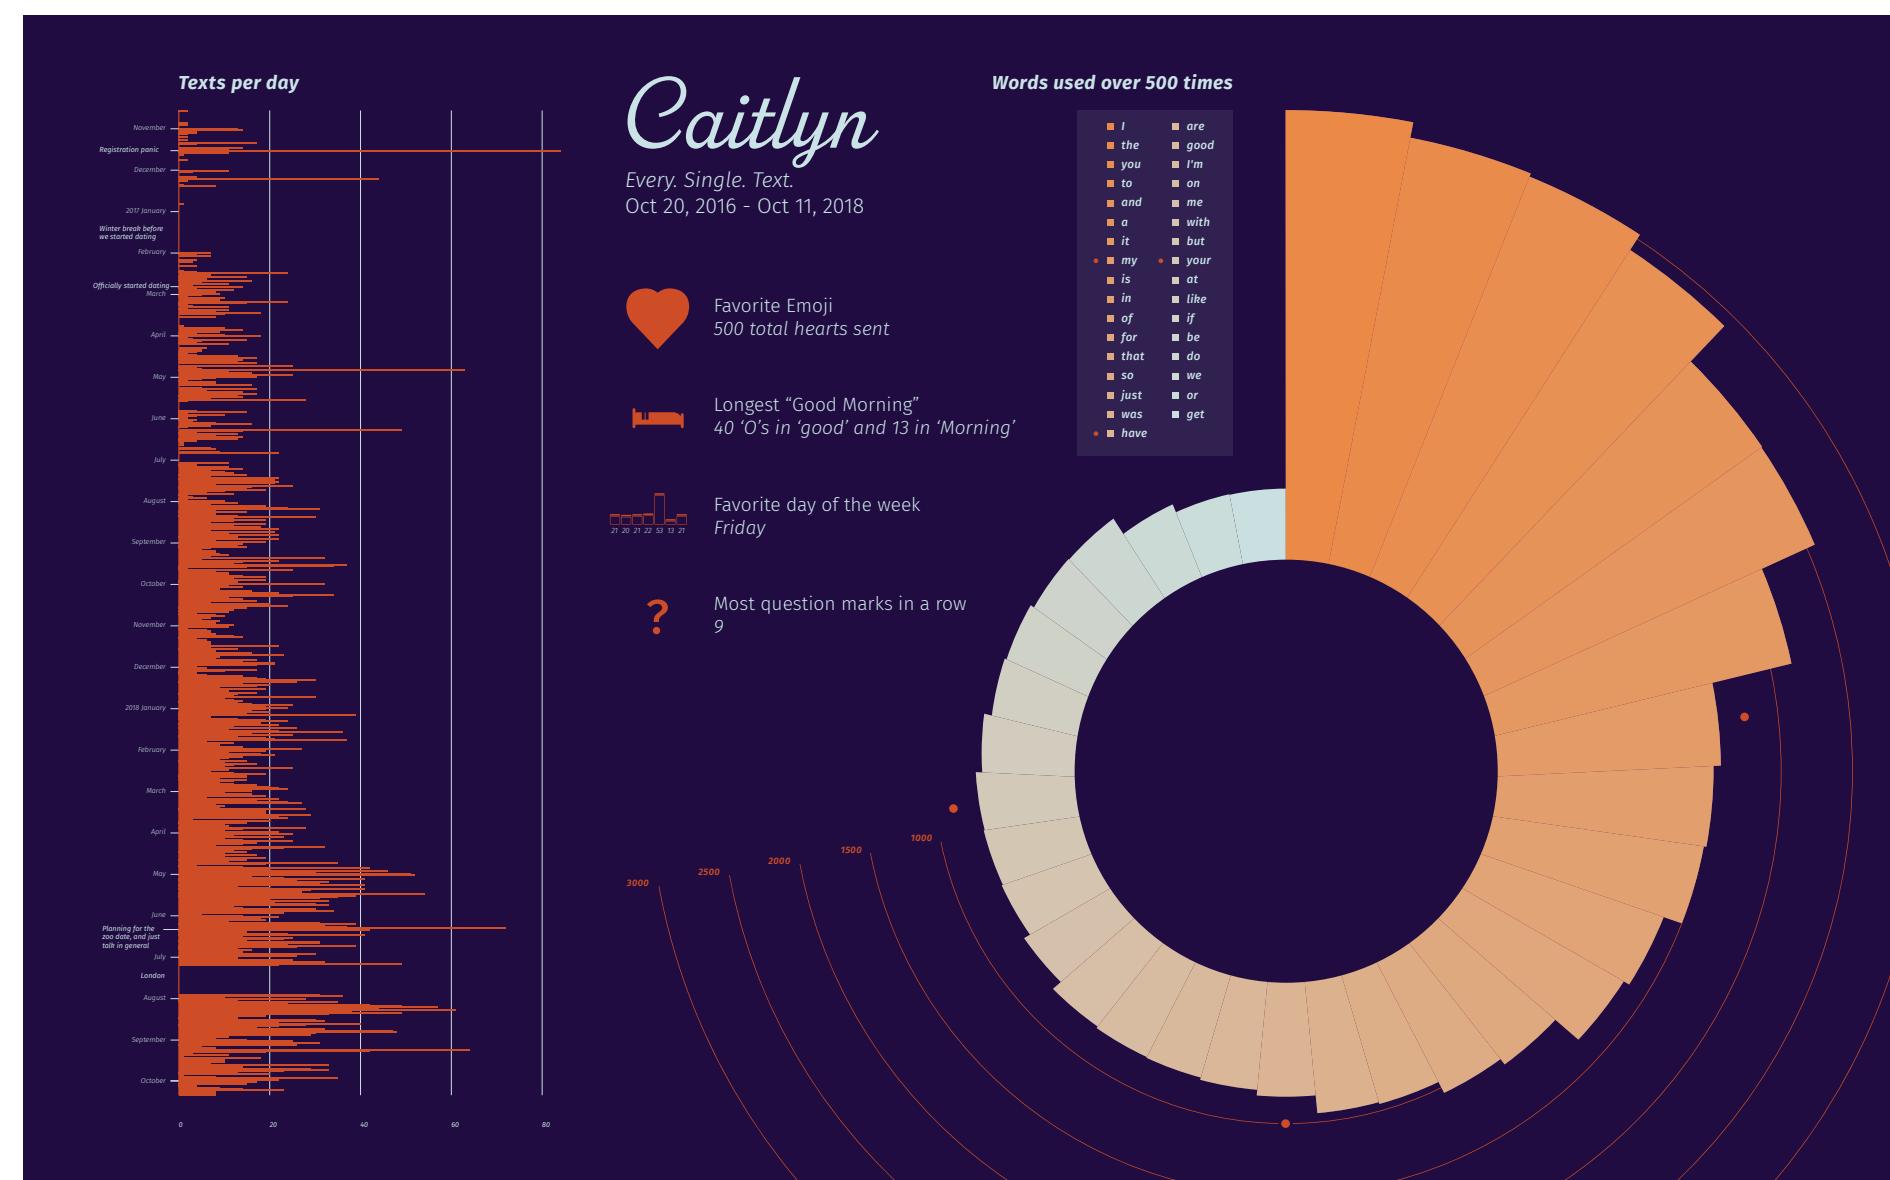

For this project I collected every text that my girlfriend and I sent to each other since our first text until her birthday. I used a backup software to get the raw data off of my phone. I created a program that would parse the data, filter out other text messages, correct spelling, and add everything to a CSV sheet by word and frequency.

I modified that code to parse dates of the texts into a separate document, and include any missing dates. After this, I sorted the data in excel, and brought it into illustrator.

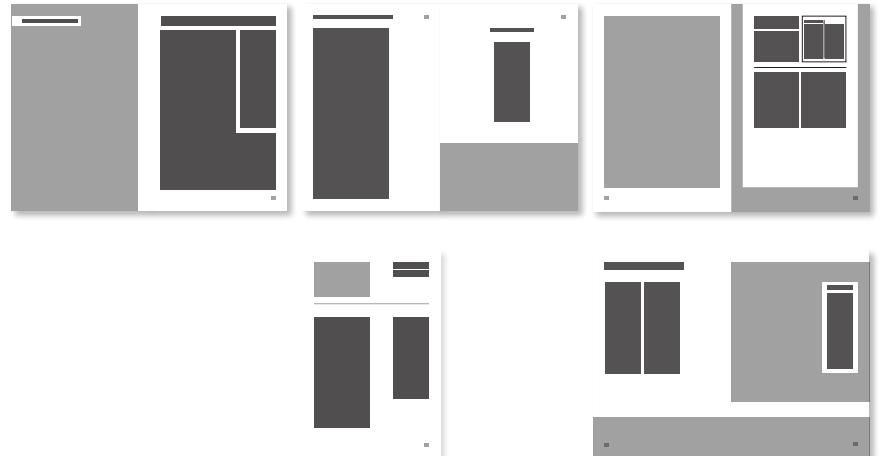

The graphs were generated using Adobe Illustrator's built in bar graph and Pie Chart tools.

Oakodon
Japanese Chicken and Egg Rice Bowl

Ingredients

Combine dashi, soy sauce, sake, and sugar in a small saucepan and bring to a simmer over medium heat. Adjust heat to maintain a strong simmer. Add chicken pieces and stir occasionally, until onions are half translucent, about 3 minutes.

Method

Wash rice, then soak, stirring and rinsing chicken occasionally, until chicken is no longer pink. Remove and reduce by about half. Stir in 7 minutes for chicken breast.

Stir in half of scallions and all of scallions, then season both to taste with more soy sauce. There should have a balanced sweet-salty flavor.

Reduce heat

In large bowl, beat eggs lightly with chopsticks in a medium heat. Pour eggs into a thin, steady stream, holding your chopsticks over edge of bowl to help distribute eggs evenly. Cover and cook until eggs are firm, about 1 minute for runny egg or 3 minutes for medium-firm.

To Serve

Transfer hot rice to a single large bowl or 2 individual serving bowls. Top with egg and chicken mixture, pouring any excess broth from the pan over the rice. Garnish with remaining half of sliced scallions and vegetables. Serve immediately.

Egg Avocado Toast

Ingredients

2 eggs
Soft Boiled Eggs and Fresh Avocado
1 slice whole grain bread
1 large avocado
½ tsp sea salt
½ tsp ground black pepper
1 tbsp white cheddar cheese, grated
½ tsp black sesame seeds

TO SOFT BOIL THE EGGS:

Boil a few inches water in a deep saucepan over high heat. Once the water has reached a rapid simmer, lower the heat to medium-high and slowly lower the eggs into the water. Cook for 6 minutes for a runny yolk (cook one more minute if you're wanting a more set yolk).

Remove the egg, carefully, with a slotted spoon and place directly into an ice bath (a large bowl filled with cold water and ice). Allow to set in the ice bath for 2 minutes, then stop cooking.

Remove the peel, gently tap the bottom, flat end of the egg with a spoon, then carefully slide the spoon around the egg, in between the outer layer of the egg and the inside of the peel to remove the entire peel.

Toast a thick slice of whole wheat bread until well-toasted, then set aside.

Mash an avocado in a small bowl until it's mostly pureed, then spread it evenly over the top of the slice of toast. Sprinkle the avocado spread with a little sea salt and ground black pepper.

Place the soft-boiled egg over the avocado spread and gently slice open, spreading to cover the entire toast. Then, sprinkle with the shredded white cheese and some black sesame seeds.
